

# PROTECT YOUR OMERS PENSION

## IMMEDIATE ACTION NEEDED

**OMERS just had another high performing year:**

- Investment returns of a net 11.5 per cent – almost double required discount rate of 6.2 per cent and well above the strategic rate.
- 2017 earnings of \$9.9 billion were used to both lower next year’s discount rate and increase the plan fund.
- The plan holds more than \$95 billion in assets

**Yet some at the Sponsors Corporation want to get rid of key benefits like guaranteed indexing.**

**We can’t let that happen.**

**Let OMERS know we must keep key benefits like guaranteed indexing so we can keep up with cost-of-living increases and live with dignity after we retire.**

**Send them a message by going to:**
