## BARGAINING IS ONGOING

Bargaining with the City of Toronto is ongoing with both the main Collective Agreement and the Toronto Paramedic Appendix. We are continuing to meet with the employer and exchange proposals for both agreements.

We have met with the employer to begin discussing monetary items.

The employer is proposing concessions and two-tier contract provisions which will both adversely impact and create division among the membership.

We will continue to bargain with the employer and work hard on behalf of the Local 416 membership to achieve a fair Collective Agreement for all members.

Please watch your emails and our website for additional updates and important mobilization information. If we do not have your personal email address and cell phone number, please call the Union Hall at 416-968-7721 and update your membership information as soon as possible.

In Solidarity,

Your Bargaining Committee
